32 Henry Street
Brantford, ON N3R 1Z8

Dear Brian,

I want to take this opportunity to share my personal and recent experience with your product. I had heard of this product called Enviro-SAVE from a co-worker and wanted to learn more about the product. After reading a number of testimonials about the product I decided to give it a try. My vehicle is a 1999 Ford Explorer with a V6 engine that has been very hard on fuel so I felt I had to try something.

Since installing a Powertrain Protection Kit and having all applications done to my vehicle I am very impressed with the increased fuel mileage, plus the softening of a "clunk" in my automatic transmission.

I was as sceptical as anyone at first but I am very pleased with this product. I would recommend this product to anyone looking to improve the performance of their vehicle.

A handwritten signature in black ink, appearing to read "Tom Stewart", with a large, stylized flourish at the end.

Thomas Stewart
