Enviro-Save
PO Box 80129
7840 Edmonds Street
Burnaby, B.C.
V5H 3X5

Attn: Kjell Kessell

Dear Kjell,

We have been using your 'General Purpose Dry Lubricant' for several years.

It has proved very succesful for the application we use it for. The lubricant is used to allow customer ease of use of some of our woodworking jig templates where plastic and aluminum parts slide together. It reduces friction and wear.

To date we are unaware of any failure of our product where the Enviro-Save Dry Lubricant was used.

Sincerely,

LEIGH INDUSTRIES LTD.

Steven N. Grisley,
Production Manager
